

The Electronic Business Transaction (EBT) Working Group

About EBT Working Group

The EBT Working Group includes representatives of the electric distribution companies (EDC), licensed electric suppliers and electronic data interface (EDI) companies. The Working Group establishes the operational electronic standards for the transaction of business between the EDCs and suppliers. Suppliers must be 'EDI-certified' to operate in Connecticut.

A representative from the Public Utilities Regulatory Authority monitors Working Group activity. PURA strongly recommends that all licensed suppliers participate in the EBT Working Group.

Contact Information

Suppliers can contact Tom Rankin at TRANKIN@earthetch.com or Tom Dougherty TDOUGHERTY@earthetch.com for information about the EBT Working Group process and meeting information.

Eversource - supplierservices@eversource.com.

United Illuminating - supplier.relations@uinet.

PURA - Nancy.Joaquim@ct.gov.

EDI Implementation Guidelines

The [Electronic Data Interface Standards \(last updated 9/30/2010\)](#), provides the information necessary for suppliers to interact with the EDCs. The EBT Working Group may update frequently used EDI rules. Updated rules are provided below for easy access. The EBT Working Group updates the full EDI Standards from time-to-time.

- 810 Invoice [CT 810 v2-0 2019-10-30](#)
- 814 Change [CT 814 Change v2-4 20220427](#)
- 814 Drop [CT 814 Drop v2-2 20200810](#)
- 814 Enrollment [CT 814 Enrollment v2-2 20200810](#)
- 814 Historical Usage [CT 814 Historical Usage v2-2 20200810](#)
