

DOCKET NO. HHD-CV16-6072516-S : SUPERIOR COURT
: :
IN THE MATTER OF HEALTHYCT, INC., : JUDICIAL DISTRICT OF
IN LIQUIDATION : HARTFORD
: :
: :
: SEPTEMBER 15, 2021

**FOURTEENTH ACCOUNTING AND STATUS REPORT
OF THE LIQUIDATION PROCEEDING**

Andrew N. Mais, Insurance Commissioner of the State of Connecticut, as statutory Liquidator of HealthyCT, Inc., submits the Fourteenth Accounting and Status Report of Daniel L. Watkins, Special Deputy Liquidator, regarding the affairs of HealthyCT, Inc. in Liquidation (“HealthyCT”) as follows:

1. Update from Thirteenth Accounting and Status Report.

On February 1, 2021, the Special Deputy filed his Thirteenth Accounting and Status Report of the Liquidation Proceedings (the “Thirteenth Status Report”). On March 18, 2021, the Court entered an order approving the Thirteenth Status Report. Since February 1, 2021, the Special Deputy reports the following:

- a) **CLHIGA/Service Agreement/Claim Processing and Payment.** In HealthyCT’s liquidation, the Connecticut Life and Health Insurance Guaranty Association (“CLHIGA”) funded claim payments to healthcare providers totaling \$17,525,761 through December 31, 2017 and had approved administrative expenses of \$386,474 through May 30, 2020. One hundred percent of CLHIGA’s claim payments and administrative expenses have been reimbursed through asset distributions approved by the Court. CLHIGA and HealthyCT expenditures and reimbursements regarding claims, premium and administrative expenses are set out in Exhibit A to

the report and Exhibit B in the Supplemental filing. No HealthyCT insured had claims in liquidation which exceeded CLHIGA's \$500,000/person statutory limit.

Since January 1, 2018, 100% of allowed Class 3 claims and claim appeals have been paid directly from HealthyCT estate assets rather than through funding from CLHIGA. The CLHIGA bank account through which claim payments were funded and paid has been reconciled and closed.

- b) **Claim Bar Date/Proofs of Claim.** The Special Deputy researched, evaluated and issued notices of determination with respect to all Proofs of Claim ("POC") except a claim submitted by the United States Department of Health and Human Services and the Centers for Medicare and Medicaid Services ("HHS/CMS") and a claim submitted by HealthyCT's landlord for unpaid amounts under the HealthyCT office lease.

Approximately \$11.5 million of HHS/CMS's Class 4 claims were resolved through a Stipulation for Entry of Judgment filed on July 10, 2020 (the "Stipulation to Judgment") in the action filed by the Liquidator against the United States in the U.S. Court of Federal Claims for payment under the Risk Corridors and Federal Reinsurance provisions of the Affordable Care Act (the "Court of Claims Action"). Through negotiations with the Department of Justice (on behalf of HHS/CMS), the Liquidator resolved most, but not all, of the mutual debts between HealthyCT and HHS/CMS. The Stipulation to Judgment did not include (i) taxes of \$165,884 the United States Treasury asserts are owed by HealthyCT (the "Class 4 Tax Claim") or (ii) HHS/CMS's Class 8 surplus note claims for the Start Up and Solvency Loans

received by HealthyCT from HHS/CMS, in the amounts of \$21,011,768 and \$106,969,000, respectively (together, the “Class 8 Surplus Note Claims”). The Special Deputy has negotiated a Closing Agreement with the Internal Revenue Service to resolve the Class 4 Tax Claim of the United States. The Special Deputy sought and received approval of that Closing Agreement from the Court by motion filed on August 6, 2021 and approved August 27, 2027. The Class 8 Surplus Note Claims will be allowed by the Liquidator and submitted to the Court for approval.

The amount of the landlord’s claim under the office lease has not been finally determined as the claim amount has declined over time due to credit for rent paid by HealthyCT for its reduced space and for rents collected from new tenants who leased a large portion of HealthyCT’s prior space for periods prior to the expiration of HealthyCT’s lease (September 30, 2019). The landlord’s original claim for \$682,860.45 is anticipated to be reduced by approximately \$250,000 from the original POC claim amount. The exact claim amount will be determined and allowed as a Class 6 unsecured creditor claim.

No objections to the Special Deputy’s determination notices on all other POCs have been received and, pursuant to Conn. Gen. Stat. § 38a-941(a), those determinations are now deemed to be final.

Other significant creditor claims determined and allowed in the HealthyCT liquidation are: unpaid broker commission claims totaling \$1.3 million (Class 6 unsecured creditor claims); and premium taxes and interest owed the State of Connecticut (\$661,850 for Class 7 premium taxes and \$238,264 for Class 8 interest

on the unpaid taxes). The Liquidator plans to soon 1) file an application with the United States Department of Justice for a release of any and all remaining claims of the United States; 2) finalize the landlord claim discussed above; and subsequently, 3) submit to the Court for its approval a plan for distribution of estate assets to creditors on allowed claims.

- c) **Services and Operational Expenses.** The Special Deputy has continued to pay for services necessary in the HealthyCT liquidation. Expenses paid by category for the necessary services and operational costs of the Liquidation are summarized in Exhibit B. The operational expenditures are set out by Accounting/Status Report period, with January 1, 2021 through June 30, 2021 being the current period. Expenses paid during this period total \$180,898. Spreadsheets on this period's expenditures and documentation supporting them are in Exhibit B to this report and Exhibit B(1) in the supplemental filing to this report (the "Supplemental Filing").

The fee and expense statements of the Special Deputy and Morgan, Lewis & Bockius LLP ("Morgan Lewis") for January 1, 2021 through June 30, 2021 have been reviewed and approved by the Liquidator as reasonable and necessary. Summaries of the Special Deputy's and Morgan Lewis's fees and expenses paid in the reporting period are included in the Supplemental Filing.

- d) **Cash on Hand/Projected Expenditures.** After expenditure of \$180,898 for operations, claims and services for the period of January 1, 2021 through June 30, 2021, HealthyCT had \$4,886,112 cash on hand at June 30, 2021. Average monthly expenditures have declined from \$654,516/month in 2017; to \$139,414/month in

2018; to \$64,783/month in 2019; and \$49,796/month in 2020. Expenses in the first half of 2021 are averaging \$30,000/month. Expenses in 2022 are projected to average \$20,000/month. Based on current assets in the estate, it is anticipated that following payment of the Class 4 Tax Claim, 100% of claims in Classes 1-7 will be paid, as well as a small percentage of the Class 8 Surplus Note Claims and the State of Connecticut's Class 8 claim for interest on unpaid taxes.

- e) **Employees.** Three former HealthyCT employees remain available on an as-needed schedule at reduced expense. The former Chief Financial Officer, Chief Operating Officer and one other employee experienced with claims and accounting continue to assist HealthyCT with respect to: financial and tax matters; claim appeals; account reconciliation; and responses to inquiries from former members, providers and regulators.
- f) **Data Access and Preservation.** HealthyCT utilizes an information technology vendor to manage and house HealthyCT data. Ongoing storage and access to HealthyCT data is necessary in order to meet HHS/CMS data preservation requirements and for required reports to the Insurance Commissioner and the Court.
- g) **Claim Processing and Customer Service.** The claims processing agreement with HealthyCT's vendor for access to historic claim data to facilitate claim appeal work and address inquiries from providers and insureds ended June 30, 2020. A final claim listing was compiled for purposes of access to claim history and reports and reviews necessary for the closure of the estate. Phone calls of providers, former

insureds and others are routed directly to HealthyCT's answering system for response.

h) **Tax Returns.** The Liquidator engaged an experienced tax consultant to review HealthyCT tax issues and file appropriate returns. HealthyCT has filed Income Tax returns (as a licensed health insurance issuer in Connecticut) for the years 2016-2019 and those returns have been accepted by the IRS under the Closing Agreement negotiated with the IRS. HealthyCT will file returns for 2020 and subsequent taxable years in due course.

2. Litigation.

The Court of Claims Action for payment under the risk corridors and reinsurance provisions of the ACA concluded as reported in the Thirteenth Status Report and Section 1.b of this report. In April 2020, the United States Supreme Court held that the federal government owed over \$12 billion in Risk Corridors payments to ACA insurers. Following the decision, the Liquidator and U.S. Department of Justice reviewed an accounting of mutual debts and the parties agreed to the Stipulation to Judgment. In accordance with the Stipulation of Judgment, judgment was entered against the United States in the Court of Claims Action on July 29, 2020 (the "Court of Claims Judgment").

As set forth in HealthyCT's complaint in the Court of Claims Action, CMS, which administers the ACA risk corridors and reinsurance programs under the ACA, owed HealthyCT \$41,692,765.44 under the ACA's risk corridors program. HealthyCT owed certain amounts plus interest totaling \$6,288,077.70 to CMS under ACA programs. The amounts owed by HealthyCT were offset against

the risk corridors and reinsurance amounts owed to HealthyCT. The net amount paid by CMS to HealthyCT pursuant to the Court of Claims Judgment was \$35,404,687.74.

In 2017, the Liquidator, with approval by the Court, entered into an agreement (the “Purchase Agreement”) with Juris Capital (“Juris”) under which Juris purchased an interest in HealthyCT’s claims against the United States for risk corridors and reinsurance payments owed to HealthyCT. Juris paid HealthyCT \$10.5 million for the interest in the claims. The non-recourse payment from Juris allowed HealthyCT to reimburse CLHIGA 100% of its administrative expenses and claim payments in the liquidation. Under the terms of the Purchase Agreement, including the timeframe required to resolve the litigation, Juris became entitled to receive all of the proceeds from the Court of Claims Judgement. Those proceeds were distributed to Juris in accordance with the Purchase Agreement.

3. Summary.

The Liquidator requests the Court’s acceptance of this Fourteenth Accounting and Status Report and approval of the acts and expenditures described herein, and in the accompanying exhibits and Supplemental Filing.

Respectfully submitted,

Andrew N. Mais
Liquidator of HealthyCT, Inc.

Daniel L. Watkins, Special Deputy Liquidator
HealthyCT, Inc. in Liquidation
